DECLARATION OF LOUIS C. CULLMAN

I, Louis C. Cullman, declare:

1. I am a partner with Oppenheimer Wolff & Donnelly LLP (Oppenheimer).
2. I also am admitted to practice before the Patent and Trademark Office (PTO) (Registration No. 39,645) and the State Bar of California.
3. I am the attorney responsible for U.S. Patent Application Serial No. 08/786,533.
4. Oppenheimer has a policy that all mail received at Oppenheimer from the PTO first is delivered to the firm's Docketing Department in Orange County for entry to our docket calendar. Each PTO document is date stamped. I receive all PTO mail within two days Oppenheimer receives it (assuming that I am in the office) after the docketing department processes the mail.
5. I did not receive a Decision on Petition in Patent Application Serial No. 08/786,533. After I submitted a status checks on March 26, 2001 and May 2, 2001, I received no further correspondence from the PTO until May 3, 2001, when I received a facsimile copy dated

May 3, 2001, including a copy of the Petition Decision, Notice of Abandonment, the September 27, 1997 Office Action.

All statements made in this declaration of my own knowledge are true. **DECLARATIONS IN SUPPORT OF PETITION FOR REVIVAL OF AN
UNAVOIDABLY ABANDONED PATENT APPLICATION UNDER 37 CFR § 1.137(a)**

DECLARATION OF HEATHER FISH

I, Heather Fish, declare:

1. I am the Docketing Manager at the Orange County office of Oppenheimer Wolff & Donnelly LLP.

2. After thoroughly reviewing our docketing system, it is my firm belief that our firm did not receive from the Patent Office a Decision on Petition dated March 31, 1999 in the above-captioned patent application.

3. The following describes the procedure our firm uses in docketing and tracking all mail that we receive from the U.S. Patent Office. Patent Office mail is delivered to the Docketing Department for initial processing. One of our Docket clerks enters a description of the mail into a database which our firm purchased from a company named Computer Packages Inc. The description is entered in two different places in the data base. In the case of Office actions, all due dates, along with monthly reminders prior to the due date, are calendared until the statutory deadline for response. A calendar sheet is attached to the Office action bearing these various dates and the Office action is delivered to the attorney who is working on the

application. We remind the attorney of the due dates, and the firm requires the attorney to report to us on the status of the application before each due date.

4. Attached as Exhibits A, B, C, and D are computer printouts from our computer database showing that we never received from the Patent Office a Decision on Petition dated March 31, 1999, in the above-identified patent application. Exhibit A is a mail list of an incoming PTO correspondences received by our office, Exhibit B gives basic application information, and Exhibit C shows by a circle where the September 27, 1997 office action would have been entered in the "all actions due" section, and Exhibit D shows by a circle where the Decision on Petition would have been entered in the "remarks" section.

5. Since we never received a Decision on Petition dated March 31, 1999 in this case, we never entered a due date to respond to the Notice in our docketing system.

All statements made in this declaration of my own knowledge are true. These statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
